GENERAL INFORMATION:

Weapons of Mass Destruction Civil Support Team (WMD CST) Concept: The WMD CST mission is to deploy to assess a suspected nuclear, biological, chemical or radiological event. The WMD CST will advise the civilian responder of appropriate actions, and facilitate requests to expedite arrival of additional state and federal assets to help save lives, prevent human suffering and mitigate property damage. The WMD CST responds to releases or potential releases of WMD agents for the purpose of assisting an Incident Commander in control or stabilization of the incident. The WMD CST is not a HAZMAT team: however, it may augment the capabilities of the civilian emergency responder hazardous materials team. The team may respond across state boundaries. The team will be subject to short notice tasking and duties to include around the clock on-call status for emergency response missions and training/ exercises. The team and individual members of the team will be subject to rigorous initial and on-going training to achieve and maintain various specialty and skill certifications. The team works closely with local, state, and federal agencies during pre-stages at National Security Events across state boundaries, i.e. sporting events, high profile political function, etc. the WMD CST includes a mix of Army and Air National Guard personnel.

REQUIRED COURSES:

Civil Support Skills Course, Incident Command System (ICS) 100, 200, and 700 courses (CD), Basic Chemistry, HAZMAT Operating Site Practices, Combat Lifesaver, DNWS Applied Radiological Response Training, Operational Radiation Safety, Air Load Planner, Technical Transportation of HAZMAT, Bauer Compressor Maintenance, Rope Rescue, Confined Space Operations, Structural Collapse Awareness, Chemical and Biological Warfare Agent Course (CWA/BWA), Advanced Gas Chromatograph/ Mass Spectrometer (HAPSITE) Course, Commercial Vessel Boarding Training, Basic Survey Equipment Class.

MAJOR DUTIES: (Not all inclusive, will be fully explained during interview)

Responsible in performing duties during training and operational level as part of a three-man entry team within the Survey Team. Serve as a SME in WMD survey operations. Can lead entries in to contaminated target area. Must maintain the highest level of physical fitness readiness and conduct physical fitness training for the Survey Team every duty day. Maintain the team member OSHA Technician Level certifications. Integrate state of the art detection and sample collection technologies into the Survey Team training schedule. Know NBC antidote administration, sage patient extraction, and crime scene/evidence preservation techniques. Participates in/monitors WMD CST chain of custody (sample transfer) procedures

and tracking of Survey Teams entering and exiting the incident site (Hot Zone). Use the National Institute for Occupational Safety and Health (NIOSH) Guide to assure the appropriate respiratory protection for their team. In the absence of the NBC Team Chief, assists the Reconnaissance NCO in the development of an Incident Action Plan to monitor Survey Team detection, identification and sample collection actions in the Hot Zone/contaminated area. Serve as the NBC Team Chief in his absence. May have to conduct Survey Team (mission) briefs before personnel enter an incident site including the review of all known information on the hazard, wind direction and speed, safety precautions, types of tests to be accomplished, and mission GO or NO-GO criteria. Perform all operational tasks while wearing each level of Personnel Protective Equipment (PPE). Identifies TIC warning placards and NATO contamination markers-report when/where/how they are used. Crosses and marks contaminated areas, to include processing through decontamination sites. Employs hand held NBC detection and identification equipment to confirm the presence of NBC contamination. Obtain chemical-biological samples for medical/scientific analysis. Rescues and delivers injured personnel to the decontamination station.
